ORIOLES COULDN'T DO NO WRONG TUESDAY

By ORVILLE GANTON

A beautiful evening, a large, enthusiastic crowd and a well-groomed diamond made a perfect setting for the second clash between 23 B.T.C. and Orioles at the camp Tuesday.

Superlative fielding and steadiness in the clutches enabled the Orioles maidens to store another win away in their pennant hope chest. The score, 13-7, was no indication of the play, as army was always in a contending position until the final inning.

Orioles' infield handled the ball carefully and held army's base runners on the bags, while army's infield was "panicky", threw the ball around and allowed Orioles' base runners to get into scoring positions.

Both pitchers turned in stellar performances. Osborne allowed army 11 scattered hits and was miserly with her passes. Ann Schroeder gave up only nine hits and struck out eight batters. However, five walks and seven costly errors by her sisters-in-arms nullified her fine pitching effort.

The khaki girls' infield had an off night. Bennett's throwing was way off the beam, while the usually reliable Young, army's aggressive first sacker, was caught out of position several times. Czinkota in centre field turned in a fielding chore well above par.

Orioles' infield couldn't seem to do anything wrong. Blight was again outstanding. Her classy fielding and accurate pegging had the fans talking to themselves. Wee MacInnis in left fielded well and ran the base paths like a scared Glenville Jack rabbit.

The umpires took a severe ribbing which reached a climax when Clarke, army's piquant little short-stopper, politely enquired of Gould whether he had not left his bifocals at home. When Gould called time and threatened to banish her, she exercised the traditional woman's prerogative of always having the last word by softly humming "Three Blind Mice" then scornfully pronging one of Osborne's best Sunday pitches almost out on Gorham St. for a spanking home run.

Another droll incident occurred when Bennett, as though she had literally taken some spectator's advice to kill the umpire, accidentally tipped a foul into the ump's face. The crowd thundered its approval while her effeminate little playmates gleefully pounded the dug-out with their bats and clamorously encouraged her to "do it again", obviously delighted with such solid entertainment.

Orioles: MacInnis, 1.f.; Muirhead, c.; VanZant, 1.b.; M. Osborne, 3.b.; Armitage, 2.b.; Blight, s.s.; Pegg, c.f.; Andrews, 1.f.

23 B.T.C.: McCargher, c.; Schroeder, p.; Bennett, 3.b.; Clarke, s.s.; Williams, 1.f.; Young, 1.b.; Kaingran, 2.b.; Czinkota, c.f.; Moran, r.f.

Council Will Meet To Study Proposal For War Memorial

Mayor Dr. L. W. Dales has called a special town council meeting for tonight to consider the proposal for a community hall and recreation centre as a memorial to the services and sacrifices of Newmarket men and women in this war.

Dr. Dales spoke at the annual Lions club ladies' night at Pickering College on Friday evening. "You have something really big in this fine Lions club," said the mayor. "It fills a very essential place in this town. As head of your municipality, I want to say that we all greatly appreciate the help you have given in needy quarters. The future of this town and this country rests on future generations."

"The war is coming to a close and some of the shadows of war days are lifting, thanks to the devotion of our boys and the brains of our leaders. What are we going to do about giving them a little better set-up? They have seen other places and different things. They are not going to ask much for themselves, but they are going to ask a different set-up for their children and grandchildren."

"The council can only go as fast as the people will follow. If the public wants to remedy the lack of recreation facilities in this town, the lack of direction of activities, they will have to follow closely."

"It is the intention of the council to start immediately on an effort to establish a memorial recreation centre. Your council is going into it seriously and we must have it. It is our intention to start a fund—no small fund—to secure a place where we can hold meetings like this one, with a swimming-pool and organized activity summer and winter. We have the means to do it and it provides an answer to what the boys in the forces want."

Later in the evening, after he had been installed as the new president of the Lions club, W. J. Geer paid tribute to his predecessor, H. E. Gilroy, and the re-elected club secretary, T. F. Doyle. Mr. Geer said that the town's new public health nurse, Miss Jessie Smith, had put the club in touch with seven child cases which it had taken care of and added: "Our mayor tonight asked for co-operation and I am sure that we will give it in any activity he brings forward."

Newmarket Will Assist Children's Hospital Fund

A committee composed of Aubrey Davis, Frank Bowser, W. L. Bosworth, Leo Cull, Frank Courtney, Fred Thompson and H. E. Lambert, under the chairmanship of Aubrey Davis, has been organized for the purpose of soliciting subscriptions in support of the \$6,000,000 appeal for funds by the directors of the Hospital for Sick Children, Toronto, for building a new hospital.

"The record of the Hospital for Sick Children is so well known to the citizens of Canada, and particularly Ontario, it is hoped that our citizens will feel disposed to support this very worthy cause," says a statement from the committee. "The objective set for Newmarket is \$3,500 and, as no general canvass will be made, it would be appreciated if anyone interested would leave his subscription with any member of the committee, or at either of the banks."

"Many of our children have been treated and made healthy and normal in the past, and this is our opportunity to provide for future generations by providing for them in this new hospital."

WHEAT LOOKS BETTER, CO. AG. REP. REPORTS

Northern York county farmers are beginning to cut hay, with about a 70 percent crop in prospect, W. M. Cockburn, county agricultural representative, stated this week.

Mr. Cockburn said that 20 percent of contemplated spring grain acreage has not been seeded. Of that 20 percent, he said, three-quarters will be put into emergency crops, such as buckwheat and sudan grass, and the rest will be summer fallowed.

"The wheat crop has made very gratifying growth, and the prospects are much better than a month ago," Mr. Cockburn said.

Farmers are still planting potatoes but there will be a ten percent decrease in acreage compared with last year. Other acreage changes are estimated by Mr. Cockburn as follows: buckwheat, 25 percent increase; peas for canning factory, ten percent increase; corn for husking, ten percent increase; corn for canning, ten percent increase; corn for fodder, 15 percent decrease; spring grains, 15 percent decrease; soybeans, ten percent decrease; turnips and mangolds, 15 percent decrease.

FREE SCHOOL BOOKS

The proposal that Newmarket public school board should provide free school books is a good one, although one or two objections raised at the town council meeting where the mayor made the proposal deserve consideration. It is true there was more need for free school books during the depression years, but it was also more difficult to raise money by taxes and the town had much heavier obligations to meet. There was also more need for family allowances during those years, but the dominion parliament either was not wise enough or felt unable to take such a step at that time (family allowances payments will amount to half the dominion's pre-war budget). The fact that family allowances were not forthcoming then when they were so greatly needed is not a good reason for not providing them now when the need is less but still great.

(Incidentally, we regard family allowances and the corresponding \$54 a year exemption on income tax payments as a trifling beginning on the help which the nation must give parents if Canada is going to have any population increase aside from immigration. A dollar a week will hardly buy a child's milk, oranges and cod liver oil—and children must have these and many other foods to produce a race of healthy men and women. Free education [not yet a fact], free maternity and health services, free dentistry will be a help, but not nearly enough help to make it economically possible for young people in their twenties to marry and have families of three, four and five children—and to bring them up according to modern recipes.)

Newmarket has taken a step forward in the last year in engaging a public health nurse. The vocational high school wing will be an advance. Newmarket might consider providing, as some rural townships in the northern part of the county are successfully doing, free dentistry. Certainly, there will be general approval of the mayor's suggestion that the public school board should provide free school books. It is one small item in keeping faith with the boys and girls who believed that they were fighting for a better world, a better Newmarket. Theoretically, the time to initiate these various forms of family assistance is in hard times—with tax money collected in good times. But we don't order our affairs so wisely, and the probability is that if we do not effect these reforms now when times are "good" we will not make them later when the need is acute.

Another objection to the providing of free school books is that it would injure the business of the merchants who are now providing books. There should of course be no loss caused to merchants through their having already ordered or already in stock a supply of school books for the coming term. Bookstores suffer enough losses through changes in the curriculum making books on their shelves useless. That, however, illustrates the desirability of the school boards buying the books themselves. They can effect a saving and they can avoid losses by buying the exact quantities that are required. And parents and pupils can be saved much inconvenience in the purchasing of books in a first of the term rush. Sometimes too there are parents who haven't the money to buy these books.

However, there should be some consistency in public policy. A couple of years ago the question of selling Hydro-Electric Power Commission light bulbs came before the town council. These bulbs offered an average life of 1,500 hours compared with an average life of 1,000 hours for commercial bulbs, but with some slight loss in efficiency. Newmarket town council decided not to handle these bulbs because their sale would injure the business of private merchants. That reason was not good enough—there should have been more consideration given to the interests of the householder and consumer. The decision might have been justified, however, on the ground that the town had not at that time the facilities to handle these bulbs. The town is now in the process of becoming a Hydro municipality, and the new Hydro commissioners (the mayor and two to be elected) should have no consideration but the public interest. They should follow the usual municipal practice of operating a Hydro supply shop and they should promote the sale of electrical equipment and the use of power so that the town may have the utmost benefit and the best possible rate from Ontario's publicly owned electric power system.

It is not difficult to see the advantages of the Ontario Hydro-Electric, but many of us would be opposed to public ownership of electric power plants if a previous generation (and what a generating generation!) had not seen the possibilities and given us this great utility. Too many of us are too careful, too conservative, too fearful of hurting the private business man, and not sufficiently concerned about helping the masses of consumers. We accept and praise the Ontario

Hydro-Electric because it is a fact, but we hesitate to break new ground, to take all the advantages of public ownership, by selling Ontario Hydro-Electric equipment. When this same issue arose in Aurora, when Aurora became a Hydro municipality, the Aurora town council compromised—but in favor of the merchants. The council decided to accept orders from industrial plants for bulbs and to keep a supply of Hydro-Electric bulbs in the clerk's office for householders who wanted to buy them—but not to tell the householder about it!

We do not believe that business people are as selfish as their protectors think. Town councilors, or school boards, acting to serve the public, to save the public money, when it can be done efficiently, will find merchants co-operating and approving. Printers of this town did not protest when the town itself and various offices about town installed duplicating machines—that would have been to stand in the way of progress. Nor will other business people protest if a progressive town council or a progressive school board seems to tread on their toes.

Incidentally, if the public school board should ask the public for money to pay for free school books the separate school board will benefit proportionately (the separate school board receives one-thirteenth of the total levy), but the separate school board would then make its own decision as to whether or not it would use the additional funds to provide free school books.

WHAT REWARD?

It is said that this war has produced two of the really great men of history, Roosevelt and Churchill. Others might add a third, Stalin. Great as these men may be, however, they might have been greater. They have missed, collectively and individually, an opportunity to lead the world into some form of world democracy. Churchill's greatest moments, we think, came when he offered France, at the time of her defeat, union with Britain, and when, later, he suggested the possibility of British Commonwealth union with the United States with his expressed hope that the growing tide of British-American friendship might roll on "like the Mississippi." Either union would have been a step toward a world state.

These men, Roosevelt, Churchill and Stalin, have been great warriors, and they successfully waged war against a powerful foe, Nazi Germany, but it is not clear that they planned a peace that will last and make the world a better place to live. This awful war made the world ready for world government, for a strong and democratic council of all the nations, but the "big three" have given us instead a new "holy alliance," with no provision for progressive disarmament, no curb on their own power, no provision for the participation of the defeated peoples, and no power to deal effectively with the real causes of this war—isolationist tariffs and migration policies, restriction of trade among nations, congestion of populations, poverty and starvation, people hungry while food producers are unable to find markets, and food producers unable to buy the manufactured goods which those same hungry people could produce.

Punishment of war criminals will not prevent war, because it does not touch the real cause of war. Punishment of war criminals seems necessary and yet it will punish the families and relatives of people who have already received the most severe punishment any nation has ever received—people who have seen death and destruction rained out of the sky such as only the people who have lived at the foot of a volcanic mountain have experienced before. Destruction of German industry, which would force Germany to become an agricultural exporting country, will destroy markets for Canadian agriculture and throw the world even further out of balance. What can further punishment of the German people do except create a sense of injustice and resentment that will burn for a hundred years? What can it do to end the economic ills which, if not cured, may breed Nazism and war in some other quarter of the globe? Mankind today needs a great leader, or it needs to listen again to the voice that said: "Love your enemies, bless them that curse you, do good to them that hate you, and pray for them which despitefully use you, and persecute you . . . for he maketh his sun to rise on the evil and on the good, and sendeth rain on the just and on the unjust . . . for if ye love them which love you, what reward have ye? . . . be ye therefore perfect . . ."

The dominion government's national film board is providing a splendid service to rural areas with its educational film circuits. There are a number of these circuits operating in Ontario at the present time, but lack of trained operators prevents any rapid expansion of the service. York county Federation of Agriculture or Farm Radio Forum groups or Women's Institutes or Junior Farmers should make an application for a circuit for this county.

Springwater Park at Midhurst in Simcoe county is an illustration of how waste land can be turned into both valuable forest and a delightful recreation centre. The sand-blown areas of Whitechurch township, already partly converted to wood lot by county plantings, and large areas of King township, unsuitable for agriculture, could be converted into even more attractive provincial parks. The Drury government can take credit for Midhurst.

The new DDT insecticide should rid Newmarket of the mosquito nuisance. An Elmira plant is expected to produce a million tons annually. One spraying in favorable weather, it is said, will dispose of mosquitoes and black flies for three weeks.

THE COMMON ROUND

By ISABEL INGLIS COLVILLE

CATS ARE FUNNY

When you have a family of cats occupying an apartment in your home — said apartment being the region under the couch in the dining-room — one can be prepared for anything that may happen.

Just now Wooly feels that she is overburdened with maternal cares, for in a very large basket in her home reposes ten-days-old coal-black Amos, while in every place he shouldn't be is Monty, her young and all too lively son.

Monty puts on a grand act of terror when he sees Amos and flies into the arms of anyone who happens to be handy, hiding his head and doing a highly dramatic act of shivering, while poor Amos, whose eyes are slow of opening, crawls round his bed oblivious to the havoc he is causing and interested only in sleep and food.

But now — to happenings! Every evening Wooly takes Monty for a stroll, usually accompanied by the man of the house and I, who take that time to do a bit of gardening and so do not participate in the tree climbing and racing which goes on.

As Wooly likes to return at intervals to see if her black dumpling is safe, I usually leave a little crack of the kitchen screen door open — when there are no flies.

The other night, coming in to shut up for the night, I saw Monty go to his supper dish beside the kitchen stove and then back away. I thought, "that's funny, they often eat together." Then I rubbed my eyes, for there was Wooly sitting placidly watching.

For a minute I thought I might be eligible as a mental case and then I saw that THIS grey cat was devouring food in a way our cats never do, so I looked again — it was someone else's grey cat and I, relieved as to my mental state, promptly ejected it, with Wooly helping, for she chased it round the house and for quite a while I heard low growls and mutterings as Wooly told the thief what she thought of it; but whether she had invited him in for supper in the first place remains a mystery.

MAGISTRATE'S COURT TOLD HE MUST OBEY SELECTIVE SERVICE

The complaint of the wartime prices and trade board against Sutton Dairy and Creamery, Sutton, which was heard a week ago, appeared on the docket before Magistrate W. E. McIlveen in magistrate's court in Newmarket on Friday. His worship imposed a fine of \$50 and costs of \$9.

According to the evidence of J. J. Brydges of the wartime prices and trade board the week previous, he had investigated the Sutton Dairy and Creamery and found that it had sold butter to a number of stores and dairies and, instead of collecting the coupons on or before the date of delivery, collected them at the end of the month. This, he said, was contrary to the regulations.

Mr. Burrows, owner of the Sutton Dairy and Creamery, admitted on the stand last week that he did not collect the coupons from larger buyers to whom he shipped butter on the day of delivery but stated that about 75 percent of the butter sold was sold to customers from the dairy wagons and that for each pound of butter sold the coupon was collected at the time of the sale.

He explained that for the other 25 percent, where butter was sent to other dairies or stores for sale, it was difficult for these buyers to send coupons in advance in order that they might be received at the time of the shipping of the butter. He stated that these smaller dairies had to in turn collect the coupons from their customers before they could purchase more butter from the dairy.

Mr. Burrows added that he felt that he had used the maximum care in collecting the coupons in spite of the difficulty he had with the shortage of help, increased bookkeeping due to unemployment insurance and income tax deductions, selective service regulations and rationing regulations.

"There is no question in my mind but that you did violate the regulations," commented Magistrate McIlveen. "These laws were made for a purpose. According to the newspapers, we are going to have more severe

rationing. You will have to watch yourself. In this case I must impose a fine. I am fining you \$50 and costs. This is practically half as much as is usually imposed in these cases but there are certain things to be said in your favor and I am taking them into consideration."

Because he terminated his employment as maintenance man with the Canadian National Railways, Newmarket, without a written permit from the national selective service officer, contrary to section 209, sub-section 6, of the National Selective Service Act, Joseph Caradonna, Newmarket, was fined \$25 and costs of \$6.50 or 30 days in jail.

His father, Ross Caradonna, Newmarket, who allowed him to work in his fruit store, was also fined \$25 and costs of \$6.50 or 30 days for "retaining in his employ a male employee who had not obtained or presented to him a permit to seek such employment," contrary to section 206, sub-section 1 of the National Selective Service Act.

R. E. Slade of the department of justice told his worship that Ross Caradonna, a fruit merchant, had been warned on several occasions that he could not have an employee without a permit. He stated that the defendant's son had been rejected for military service.

On May 11, he stated, Joseph Caradonna had been directed by the selective service, Newmarket, to the position of laborer with the Canadian National Railways, for which work he had been given a permit. He entered C.N.R. employ on May 15 and on May 25 was reported to have terminated his employment.

The witness explained that the Canadian National Railways held what is called a "split priority" and that Joseph Caradonna was frozen to his position for a term of six months. In order to leave he was required to apply for a permit of separation, which he did not do.

Counsel for the defence told his worship that the defendant, Joseph Caradonna, when taken on by the Canadian National Railways, was required to sleep in a box-car with others much older than himself and that conditions were far from favorable.

His worship ordered the youth to report to the Canadian National Railways.

After hearing evidence in the case of Harry McLean, 68 Snider St., Toronto, charged with dangerous driving and careless driving, Magistrate McIlveen dismissed the former charge and reserved judgment for one week on the latter charge. The defendant pleaded not guilty to both charges.

According to Glen Moody, Schomberg, at about 10 p.m. on May 24, he had been driving north on No. 27 highway in King township when the defendant's car suddenly swerved from its side of the road and collided with his car. He stated that his car, which was damaged beyond repair, swerved in a circle and ended up on its right side in the west ditch. Mr. McLean's car, he said, ended up in the east ditch.

Questioned by Crown Attorney Arleigh Armstrong as to the amount of traffic on the highway, the witness said that the traffic was heavy and as it was dark he had turned on the lights of his car.

In reply to the crown's inquiries as to the point of impact, Mr. Moody stated that gouges on the pavement indicated that the cars had collided at a point 16 inches over the centre line of the east side of the road.

The witness estimated the damage to his car at about \$400 or \$450. He said that his aunt, who was a passenger in his car at the time of the accident, received a broken collarbone and was taken to the hospital. He himself received injuries to his knee.

"Did you detect an odor on Mr. McLean's breath when you were near him?" asked the crown.

"Yes, I could get the odor of beer on him," replied the witness. "He walked rather slowly and didn't seem to know what it was all about."

Constable "Gus" Farquhar, Schomberg, testified that he investigated the accident and found the Moody car badly damaged and lying in the west ditch. The McLean car, he said, was not so badly damaged and was lying in the east ditch. He said that he examined marks on the road and found that the McLean car was on its wrong side of the road when the impact took place. He added that when speaking to the accused that evening he found him glassy-eyed, thick of speech and with an odor of beer on his breath.

"I wouldn't say that he was tight but I would say that he was under the influence," stated the officer.

"Are you familiar with the odor of beer?" asked defence counsel.

"Yes, I am familiar with the odor and sometimes with the taste of it," smiled the witness.

"Did you ask Mr. McLean if he were hurt?" "Yes, and he said that he wasn't. He didn't even tell me that there was a boy in his car who was hurt. I didn't know until the doctor told me later."

County Constable Ronald Watt testified that he had been called by Constable Farquhar to aid in the investigation. He gave testimony as to the marks on the road caused by the two cars and

gave his worship pictures of the scene of the accident which he had taken.

In his defence, Mr. McLean stated that he had been driving a car for the past 23 years and had never had an accident. He stated that he had taken his family and friends fishing and was returning to Toronto. He denied that he had had any beer previous to the accident and stated that he had had a drink of rum at about 3.30 p.m. He said that when the accident occurred the steering wheel came against his stomach, causing him to become sick. He gave this as the cause of the odor on his breath. He also stated that Mr. Moody's car did not have lights on.

Both Mrs. McLean, wife of the defendant, and a Mrs. Dunce, Toronto, passengers in the car, denied that Mr. McLean had had any beer and stated that they did not see any reflection of lights from Mr. Moody's car shine into their car.

Found guilty on a charge of having stolen wood valued at about \$5 in her summer cottage in North Gwillimbury, Mrs. Alice Rapley, Toronto, was placed on suspended sentence and ordered to pay the court costs.

Joseph Metcalf, North Gwillimbury, secretary-treasurer of S. S. 3, told his worship that he had purchased 36 cords of wood for the school. On May 19 he had been notified that some of the wood was missing and upon inspection found two cords had disappeared. He turned the matter over to the police for investigation.

Constable Carl Morton testified that he and County Constable William Hill had searched the premises of the defendant under the authority of a search warrant and found some wood identical with that taken from the school in her backyard. He stated that the defendant told him that "the boys had brought the wood in the night before" that she knew where the wood came from and that she had protested it being brought to her house.

Constable Hill testified that Mrs. Rapley's cottage was situated a short distance from the schoolhouse.

On the stand, Mrs. Rapley stated that she was in bed when the wood was brought to her place and that she did not know where it came from. She said she did not know who brought it there.

"As far as this charge is concerned you admitted in the box that you knew that the wood was stolen," stated Magistrate McIlveen. "Evidently everybody up there is helping themselves to the school wood. It's easier to get. I am remanding you for sentence but I want it known up there that I won't give any more remands to others found stealing the wood. You'll have to pay the costs. There is no reason why the ratepayers should pay."

Other cases disposed of by Magistrate McIlveen were: John Kearney, Toronto, and Percy H. Barton, Hamilton, charged with entering a through street in Newmarket without stopping and each fined \$2 and costs. Chief Constable James Leeder laid the information in the former case and Constable Robert Martin in the latter. John Mooney, Toronto, Richard Blackwell, Scarborough, and Roy Ireland, R. R. 1, Queensville, were each fined \$1 and costs for illegal parking. Constable Martin laid the charges.

There were three charges laid by County Constable Watt in which the defendants pleaded guilty to driving with inefficient brakes. In each case the defendant was fined \$10 and costs. They were Russell Williamson, R. R. 4, Tottenham, James McKay, Loretto, Simcoe county, and Harold Hilliard, R. R. 1, Schomberg.

but the reason you can't talk over your toy telephone is because there's lots more to telephoning than the instrument itself. It takes wire and cable and complicated exchange equipment and a mass of other apparatus to link one telephone with the million other telephones which make up the Bell system. These telephone materials have been going to war. That's why so many people are waiting for telephone service today.

IT ALL MEANS PEOPLE AT WORK

It will take time and money and manpower to carry out the large-scale construction and improvement program we've planned for after the war.

Take our dial conversion program alone: Almost three-quarters of the telephones in service are now of the dial type. But that still leaves thousands of telephones and exchange equipment in scores of communities, to be changed over.

After the war when equipment is again obtainable, the job will take years to complete. And this is just one of several projects which spell jobs not only for all our present employees both at home and overseas but for additional workers, too.

EVELYN MOREAU IS LOVELY JUNE BRIDE

A pretty summer wedding was performed in St. Bridget's church, Toronto, on Saturday morning, amid a setting of roses, when Evelyn, daughter of Mr. J. B. Moreau, Orangeville, became the bride of Rowland Mathieu, son of Mr. and Mrs. Mathieu, Toronto.

The bride looked lovely in an afternoon dress of white silk jersey with matching accessories and carried a nosegay of deep red roses and white sweetpeas. Miss Rita Moreau, Toronto, was her sister's bridesmaid and wore an afternoon dress of pale blue jersey with matching accessories and carried a nosegay of deep red roses and blue carnations. Rev. Mr. Manley performed the ceremony.

The best man was Claude Mathieu, brother of the groom. Following the wedding breakfast the happy couple left for a boat trip to Fort William. Mrs. Mathieu was employed as a hairdresser at Thompson's Beauty Salon, Newmarket.

C.W.A.C. (23) POWDER "SMALL ARMS" GIRLS

By ORVILLE GANTON

The regular Thursday softball fixture last week was postponed because our local C.W.A.C.'s entertained their military cousins, Small Arms, of Long Branch. What was expected to be a fierce full-scale encounter turned out to be merely a sham battle, for Small Arms were no match for Capt. Caswell's pets.

Ann Schroder pitched under wraps for 23 white Forbes, Small Arms twirler, was no mystery to the local squad. Except for a couple of nifty plays by Clarke and Barnum, the fielding was abominable. Clarke raced behind second, scooped up a sizzler off Gaston and threw her out by a whisker—beg your pardon, eyelash. Left Fielder Barnum of Small Arms staged a sensational circus catch in the traditional Barnum manner.

Hits, runs and errors were a dime a dozen but the hit which tickled the customers most was a foul line drive into the ribs of "Foghorn" Churchill, the camp's vociferous one-man rooting section. All in all, it was a dizzy ball game. At one time 23's entire outfield were intensely engaged in a conference in centre field on some military secret known only to themselves and "Ike" Eisenhower when a Small Arms batter rudely interrupted the pow-wow by dropping a fly ball among them.

However, they nonchalantly fielded the ball, tossed it in, repaired their make-up and continued with their gossip. A large crowd of army personnel and local fans enjoyed the proceedings immensely. In case you weren't looking, the score was Newmarket B.T.C. 30, Small Arms 14.

MARRIAGE

LA PLANTE - HOARE

On Saturday, June 16, 1945, in St. John's Anglican church, Humberstone, Toronto, by Rev. H. R. Hunt, Muriel Rose, daughter of Mrs. Fred Hoare, Newmarket, and the late Mr. Hoare, to Allen Elmer La Plante, son of Mr. and Mrs. O. J. La Plante, Spanish, Ont.

COUPLE WILL MAKE HOME IN AURORA

Trinity Anglican church was the scene of a pretty wedding on Saturday, June 23, when Audrey Mae Iris Bennett, daughter of Mrs. M. M. Bennett, Centre St., became the bride of LAC Lawrence Lawson, Yarmouth, N.S., son of Mr. and Mrs. George Lawson, Catharine Ave., Aurora.

The ceremony was performed by Rev. Canon F. J. Fife. During the ceremony John Willis presided at the organ. While the register was being signed, Miss Sheila Barnes sang "Ave Maria". The bride, given in marriage by her brother, Reginald Bennett, wore the traditional bridal gown of white satin. Her long veil was caught to her head in halo effect. She carried red roses and wore matching necklace, ear-rings and bracelet, the gift of the groom.

Her bridal attendants were Miss Lila Lawson, sister of the groom, who wore a gown of mauve Bengaline, Miss Marie Pigeon, Waubesa, who wore a mauve Bengaline, Miss Irene Brodie, in blue Bengaline. They wore matching flowered head-dresses and shoulder-length veils. Their flowers were old-fashioned nosegays. Miss Beth Brodie was junior bridesmaid, wearing yellow Bengaline, with shoulder-length veil and matching flowered head-dress.

Pilot Officer Daniel Lawson, brother of the groom, was best man, and the ushers were Orval and Bert Lawson, brothers of the groom, and Philip Harrison, Aurora.

Following the ceremony a reception was held at the home of the bride's mother, with guests present from Waubesa, Montreal, Elora, Orillia and Toronto. Mrs. Bennett received wearing mauve crepe, mauve hat with veil and mauve accessories and a corsage of yellow roses. Mrs. Lawson, mother of the groom, wore sheer, with white hat and white accessories, and a corsage of red roses.

The happy couple left on a wedding trip to northern Ontario, the bride wearing a gold-colored suit, with wine hat and wine accessories and corsage of red roses. The couple will take up residence in Aurora, the groom returning to duty following his leave.

JEAN WHITE IS LOVELY BRIDE

Amid surroundings of ferns, delphiniums, peonies and other seasonal flowers Jean Roberta White, daughter of Mr. and Mrs. Herbert A. White, Whitechurch township, became the bride of William Grant Morley, son of Mr. and Mrs. Roy Morley, Whitechurch township, in Wesley United church on Saturday, June 23.

Rev. E. C. Modde performed the ceremony. Miss Lottie Atkinson of Aurora played the wedding music. LAC Raymond Modde sang "O Perfect Love and Because".

The bride, given in marriage by her father, was lovely in a gown of ivory white satin with inserts of lace. Her finger-tip veil was caught by a bandeau of orange blossoms and baby's breath. She carried a bouquet of American Beauty roses.

The bridesmaids, both cousins of the bride, were Miss Patsy King, Toronto, and Miss Erna Duncan, Tordmorden. Miss King had chosen a floor-length dress of romance blue fascane crepe over taffeta, with matching Dutch cap head-dress, and short veil. Her flowers were Talisman roses. Miss Duncan wore a floor-length gown of tropical rose fascane crepe, with matching Dutch cap head-dress, and short veil. Her flowers were Talisman roses.

Leonard Brillinger, cousin of the groom, was best man, and the ushers were John White, brother of the bride, and Kenneth Giles, Aurora.

Over 200 guests attended the wedding reception held on the lawn of the bride's home. Mrs. White received wearing a gown of flowered sheer, with black hat and black accessories and a corsage of roses and sweet peas.

The ceremony was held a week after the 25th wedding anniversary of the bride's parents, who took the occasion to celebrate their quarter of a century of married life.

QUEENSVILLE REV. J. T. RHODES IS DECORATION SPEAKER

Decoration Day was observed at Queensville cemetery on Sunday. The weather was splendid and a large number of friends gathered to honor the memory of loved ones.

A service was held under the shade of the trees which attracted the many visitors. Rev. Hugh Shannon was in charge of the service. Rev. Gordon Lapp, Keswick, read the scripture and led in prayer. Rev. J. T. Rhodes, Roche's Point, addressed the congregation, taking as his text II Cor. 4: 18, "Things that are seen are temporal but the things that are not seen are eternal".

The address, which was appropriate for the occasion, was listened to with interest by the large number present. Duets were sung by Terry Doane and Miss Ruby Strasser. Miss Vera Arnold presided at the organ. The hymns used were, O God Our Help In Ages Past, Rock Of Ages and What A Friend We Have In Jesus.

At the township picnic of the public schools of East Gwillimbury at Sharon park on Friday, the Queensville school was successful in winning the baseball game. The prize was \$150. They won the first round from Sharon and then played the final game, winning from a team chosen from the schools of the township.

Inspector A. M. McKillop was present and addressed the schools and parents. It was encouraging to see so many parents present considering the busy season. There were many races and the children took the usual interest in the various events. Art Alexander officiated for the racing events as announcer over a loud speaker which had been installed. All present expressed the hope that this type of picnic would be an annual event.

The following prizes were awarded on a percentage basis,

according to enrollment: field, first prize, Sharon, S. S. 4; second prize, Hillside, S. S. 2, and Ravenshoe, S. S. 9; third prize, Second St., S. S. 3; fourth prize, Fourth school, S. S. 8.

DOWN THE CENTRE

Here is the dope on two of the outstanding softball teams which will be pitted against Newmarket Redmen next Monday, July 2, when the camp holds its big jamboree which gets better every year and is now in its fourth year.

York Depot, which should be the favorite to win first prize, is a combined army-navy team, remnants of last year's two service teams in the Beaches league.

Clair Exelby, who needs no introduction, will doubtless be handling the mask and glove for the visitors and should get quite a kick returning to the scene of old triumphs. Wheelans is another receiver available and he is mighty good too.

Ed Ferguson, a veteran performer from Hamilton and in his day almost as good as the great Russ Johnson, is likely to do the hurling, unless Murray Dowey comes down from Brantford for the day, in which case the fans will see Ontario's best young hurler.

Russ Burrows of Markham, once junior horseshoe champion of Ontario, is navy's contribution to the mound staff after just returning from the east coast.

Hockey favorites who won the respect of the fans last winter will be seen with Bob Schurr holding shortstop (he was navy's good winger), Bill Summerhill of army, who can also hurl a neat stanza, and Eddie King of navy, Hugh Cudde, Balmy Beach footballer, Peel, Bill Kelley, who played for R.C.O.C. two summers ago against Newmarket at Davisville and Wilf Smith of Tip Tops, are other luminaries.

Camp Borden Infantry brings a full team and will have good representation. Norm Bagnall, 18-year-old hurler, two years ago reached the senior finals and has everything but size. Ron Nelson, Oshawa Generals hockeyist, "Hank" Nairn, for years one of Toronto's best softballers, Phil Baylen of Harry Sniderman's team, Bill Demkiw of Nobel, whom we have no hesitation in saying is just about the nearest infielder we have ever seen, are some of their players. The other lads are good too. The two Toronto service entries from the Garrison league will hardly measure up to these two but should do all right. The Redmen will have their hands full but will not lack for support.

Softball of course is but one of the many attractions carded for this big day. Keep your fingers crossed for fair weather. 'Tis possible this may be the last big day staged under the negis of the army and those in charge are planning to make it the biggest and best yet.

Don't push me, mother, I'm only trying to get a glimpse of those beauty queens. Oh to be a judge. Besides we're just the type, fat, bald, harmless and almost 40.

If the heat is getting you these days let's remind you that Ellis Pringle, master of Mossington's, is back on the job up Sutton way after looking after the Sutton rink all winter. The big fellow always has a warm welcome for his old buddies and you can almost take your mind off the heat or rain by fanning over some of those Newmarket, Sutton and Aurora games.

Cal Mallow, who will be remembered as one of the best hockey players in the local O.H.A. group in 1937-38 with East York, has recently won his captaincy overseas and is attached to supreme command headquarters in an important post. Not bad for a young fellow who enlisted as a private in 1940.

Girls' softball has been re-organized in the Dufferin-Simcoe territory and Newmarket femmes will be able to get a few exhibition games without travelling too far. There are five clubs in the league, Beeton, Everett, Alliston, Elmgrove and Alliston Knitting Mills. It seems like only yesterday that Beeton had a girls' team capable of holding their own with any outside of the big cities. They nearly always journeyed to the Lennox picnic and Aurora and Beeton girls had some great series. They have got off to a fine start this season and are presently leading the league.

Doug James, who coached Markham juniors last winter, expects to go to England as soon as transportation can be arranged. Doug, who served overseas with the R.C.A.F. before being discharged, has a wife and child in England and is naturally anxious to join them. Wouldn't be surprised if he linked up with post-war hockey in the old country, which will be much larger than it was before, especially in Scotland and mid-England where the game is just catching on.

Harvey Lebar, who played junior lacrosse with the B.N.A. Combines (Bradford-Newmarket-Aurora), in case you've forgotten, is still in Canada's national sport and is playing senior with Hamilton-Burlington seniors. Lebar was good at any spot and after he left the Bradford district played at Owen Sound.

Harry Leak died at the age of 51 last week. Harry, a sergeant-major with the Queen's York Rangers in his day, was one of Canada's greatest walkers, competing successfully against George Goulding, "Hank" Ciemman, Carl Mertens and others.

He was a clean-living fellow and a veteran of the last war. He was in charge of sports at one of the camps held by the Yorks and did much to encourage sports among the men of the county unit.

A headline caught our eye the other day in the Montreal Gazette. It seemed strange to see on the sporting pages, Betty Grable Wins Feature Race. Brother, we said to ourselves, just where are races like this one held? But it was only a horse by that name winning a \$500 purse at Blue Bonnets and for you Ontario fans \$500 makes a race a feature down in P.Q.

Commander Bill Carr, sailor, author, sports fan and family man, was the subject of a radio broadcast last Friday. Bill, who is father of Frank Carr and was once associated with Aurora junior hockey club, has had a wide and varied career.

"Dit" Clapper, summering down Hastings way as per usual, gave the new big sports arena and stadium being built, or about to be built by the good burghers of Peterboro, a big boost with the forecast that Boston Bruins would train there once the arena was ready. Clapper should know as head aide-de-camp to Art Ross and a Bruin policy-maker. The coming of the Bruins will give hockey and the memorial sports centre a big boost.

Charlie Smith, Aurora's gift to the turf world now serving with the American army in Germany, has volunteered for service in the Pacific and expects to be on his way without any trip home. But for the war C.W. (Can't Win) would be in the first ten jockeys on the American continent, emulating the career of Canadian George Woolf who rode to victory in the Santa Anita derby last week.

Jim McKelvie, who used to be a big factor in Sutton baseball and hockey, has been honorably discharged from the army after seeing service in Italy and he is once again back in his home town.

Major Norm Johnson, maestro de sports at Aurora high school up to 1942, as well as science master, will receive his army discharge as of Aug. 1 which means he will be back again on the scholastic sports scene. With all due credit to those who have carried on in his absence at Aurora high, his return will be welcome. For Mr. Johnson is an expert handler of high school teams and a capable coach at track, baseball, soccer and basketball. A veteran of the last war, he returned from overseas to resume his studies and captained the University of Toronto soccer team as well as being an outstanding player. In the army he has lent encouragement to all forms of sport within his unit and at present he is chairman of the C.A.C. soccer committee (Page 7, Col. 3)

(Continued From Page 6)
which has a team second to none
at Camp Borden.

Gar Doolittle, promising young
Aurora athlete now in the army,
has been playing softball for the
Simcoe camp team in the dis-
trict softball circuit which in-
cludes civilian and service teams.
He was transferred from Simcoe
to another centre this week.

Bill Veale, former Uxbridge-
Sunderland athlete, died recently
in a Toronto military hospital.
Bill, who played baseball with
the good Sunderland teams,
suffered from pleurisy contracted
in England where he served with
the dental corps. Pte. Veale was
in his mid-20's and was married.
In civilian life he was a banker
and at one time was posted at
Bradford.

Austy Baker, former ace hock-
eyist of Markham juniors and
intermediates, is now overseas
with the air arm of the Canadian
navy. Also believed to have
arrived overseas not long ago is
Lieut. Bob Bangay, former centre
star of Markham-Newmarket
camp fame.

Returned to British Columbia
looking the picture of health
after a recent illness is **Stanley**
Shatka of King. Better known
as "Big Mike", Shatka caught
softball for Aurora in the York-
Simcoe league as battery mate
for "Nuggets" Shore. He has
been visiting in the district whilst
on furlough.

Home from overseas on the
weekend and looking very fit
came **Donald Judd** who used to
ride with the Aurora Cycling
club and served from D-Day on-
ward with the 1st Canadian
Paratroop battalion which did
such a grand job in Holland and
Germany. Don has had some
really exciting experiences.

Scheduled to arrive home from
overseas this week is **Clayton**
Doolittle, who was sub-goal tend-
er for Aurora juniors for several
years and a handy lad to have
around in a pinch. Clay en-
listed from Calgary early in 1940
and has been overseas nearly five
years and during that time ac-
quired himself a handsome wife.

"Ace" Yake writes from Bel-
gium that he has volunteered for
the Pacific and that he met **Capt.**
Wes Niles, former Newmarket
Redman, and exchanged reminis-
cences of North York softball.
Ace says Wes is tops with him
and with his own men. Yake
was in Brussels on his way back
from Germany and expected to
fly to England. The federal
election results didn't please
"Ace".

Jimmy Callura, who won M.D.
2 boxing honors for Newmarket
camp a few months ago, indicated
his class by drawing in a bout
a few days ago with **Frankie Bran-**
netti, generally regarded as the
reigning king of Canadian ban-
tams. Along fistiana lane the
news is out that aging **Dave**
Castelloux will journey to Mexico
City for a series of bouts this
summer.

Jackie Callura of Hamilton,
brother of Jimmy, who once was
featherweight champion of Amer-
ica and was forced to retire be-
cause of near-blindness, is now
in the American army and bound
for the Pacific.

Aurora Ordinance softballers
have sprung to life and are pro-
viding the Aurora district fans
with some high class softball.
They played a 6-6 tie with the
navy lads from Eaton Hall farm
last week and lost 4-3 in a return
game. The series will continue.

Charlie Case is handling the
catching as of yore. **Bob Walsh**
and **Sgt. Shack** have the pitching
duties and have surprised all with
their brand of twirling, although
obviously needing a lot more
work. **Norm Goodhead** is at first,
Obs. O'Brien at second, **Sgt.**
O'Gorman at third and "Nip"
Spooner, ex-Camp Borden lumina-
ry, is the sparkplug from his
shortstop post. O'Gorman in par-
ticular has executed some brilli-
ant plays.

"Red" Canning heads the out-
fielders with **Herb Farley** and
Wiseberg completing the outer-
garden trio. **Herbie Holman**, who
should know his softballers if
anybody locally does, says the
team is better balanced than the
one which represented the Aurora
depot two years ago.

Claremont mushballers, who
went to the finals at Mount
Albert against **Charlie Ryan's**
nine, are entered in the South
Ontario league and have a nice
little team.

Bob Miller, the elongated lad
who pitched for Richmond Hill in
the York-Simcoe league a few
years ago and who is a familiar
figure where softball tournaments
are concerned, is still able to
sift the sphere with speed and
control. "Chub" Spenceley, who
used to play defence for Stouff-
ville juniors, is handling his
shoots and the rest of the team
is composed of **Al Tomlinson** 1b.,
Lloyd Pugh 2b., **Ken Ward** 3b.,
Ross Redshaw s.s., with **L. Nort-**
on, **G. Todd** and **W. Clark** in the
outfield and **Ray Hill** as utility

Miss **Joy Marritt** is visiting in
Hamilton at the home of her
brother, **Mr. Gladstone Marritt**.
Mr. and Mrs. Milton Cook, Tor-
onto, were with Mrs. Wight for
the weekend.

Mrs. Cecil Pipe, Toronto, a
granddaughter of **Osborne Smith**,
was soloist at the United church
last Sunday.

Next Sunday **Robt. Bateman**,
choir leader in Temple Baptist
church, Windsor, Ont., will be
soloist at the morning service.
Mr. Bateman, who visits at the
home of **Mr. and Mrs. Fred Peel**,
was soloist at a summer service
several years ago.

Closing exercises were held at
Keswick public school on Friday
afternoon when a number of par-
ents and friends greatly enjoyed
the program of dramatics, choral
reading, songs, instrumental mu-
sic and the debate. Interest was
also displayed in the exhibition of
art work and handicraft. The
pupils and their teachers, **Mrs. V.**
L. Atchison and **Miss Roslyn**
Van Norman, were the recipients
of many appreciative comments.

The evening service of the
United church will be transferred
to Pine Beach park next Sunday.
It will be at the usual hour of 8
and the general public will be
welcome. As in past years, six
evening services are to be held at
the several beaches.

Mrs. F. J. Perry and daughter,
Winona, Toronto, **Mrs. E. J.**
Sheppard and daughter, **Mrs.**
Henry Hill, Oriole, are among
the Keswick people who have
been recent welcome guests at
their places here.

Rev. Gordon Lapp was at
Goodwood on Wednesday of last
week representing the Religious
Education Council at a Sunday-
school convention for Scott and
Uxbridge townships.

Mr. and Mrs. J. C. Purdy,
Hamilton, were at their cottage
for the weekend.

**HOLLAND LANDING
MRS. ARCHIE RILEY IS
HONORED BY FRIENDS**

Mrs. C. Brittain entertained a
number of ladies of the village
on Wednesday evening at a party
for **Mrs. Archie Riley**, who is
moving to Guelph. After an
address read by **Miss Kendrick**,
Mrs. Riley was presented with a
chesterfield table, an end table
and two urns. Lunch was served
by the hostess.

Mr. and Mrs. Herman Mac-
Donald, Toronto, visited **Mr. and**
Mrs. M. Evans on Friday.

The United church services for
the months of July and August
will be held at 10 a.m.

Masters Robert and Barrie
Hall, sons of **Mr. and Mrs. A.**
Hall, Toronto, and grandsons of
Mr. and Mrs. E. Lundy, were
baptized at the Church of Eng-
land on Sunday afternoon. **Mr.**
and Mrs. W. Hall, Toronto, were
the godparents.

HAVE CHURCH WEDDING

Key Beach United church was
the setting for the wedding on
June 9 of **Mildred**, daughter of
Mr. and Mrs. Harold V. Lush,
and **FO Thomas Ross Wheeler**,
D.F.C., son of **Mr. and Mrs. Ross**
Wheeler, Jackson's Point. **Rev.**
Bruce Grey officiated.

man. Most of the boys played
with either **Brougham Bearcats**
or **Ballantrae** in hockey the past
winter.

Incidentally, **Sam Towner**, who
did considerable softball umpir-
ing down south and over around
Claremont and **Uxbridge**, died a
couple of weeks ago.

George Smith, who pitched for
Stouffville along with Toronto
teams a few years ago, is giving
Earl Cook a hand with Stouff-
ville kid baseball. Stouffville
seniors lost their first start 9-7
to Markham who had the advan-
tage of a year's experience, but
the Stouffville men feel that in
Pitcher Raxlin and **Catcher Schell**
they have a battery that will com-
pare with any the other teams
can trot out. Ringwood and
Summerfeldt comprised the
Markham battery.

Doug Palmer, better known for
his hockey playing, is playing a
grand game at the initial sack.

Bill Bowen, 18-year-old young-
ster from Langstaff, gave the
fans an eyeful at Mount Albert
the same as he has done in Tor-
onto. He hurled a two-hitter in
one game and indicated clearly
there is plenty of good material
around among the teen-agers of
the day.

Fennell's Corners continue to
show the way in the Bradford
and district league with a clean
sheet in seven games played.
Bradford, composed of most of
the boys who will represent that
team in the juvenile O.A.S.A.
playdowns, is in second place.

COUPLE MAKE HOME IN MOUNT ALBERT

Amid ferns, iris and peonies, a pretty wedding took place in Mount Albert United church on Saturday, June 16, when Janet Lang Hall, only daughter of Mr. and Mrs. Robt. Boag, was given in marriage to Murray Arthur Case, eldest son of Mr. and Mrs. Walter Case, Mount Albert. Rev. W. H. Burgess conducted the ceremony.

The wedding music was played by Mrs. W. A. Couper. Mrs. J. Oldham sang Because during the signing of the register.

The bride, given in marriage by her father, looked radiant in a gown of ivory satin cut on long, flowing, princess lines with inserts of lace. Her veil of tulle illusion, edged with heirloom lace, was held in place by a coronet of orange blossoms and seed pearls. She wore a string of pearls, the gift of the groom, and carried a cascade bouquet of crimson roses and baby's breath.

She was attended by Davina Graham, as maid of honor, in white slipper satin with bouffant skirt of white net. The bridesmaids, Betty Longhurst and Beatrice Gibney, wore white chiffon with pale blue chapel veils. They carried pink roses and baby's breath. Kathleen Oliver and Shirley Birch were flower girls and Beverley Anne Couper acted as train-bearer. All were gowned in turquoise blue taffeta with matching flowers in their hair and carried old fashioned nosegays.

Morley Case, cousin of the groom, acted as best man. Kenneth Giles of Aurora and J. McBride of Toronto were the ushers.

After the ceremony a reception was held at the home of the bride's parents where Mrs. Boag received wearing a gown of navy blue sheer with white accessories and a corsage of pink roses. The groom's mother was in a coral crepe ensemble with white accessories and a corsage of Johanna Hill roses.

The couple left on a trip by motor car through the Muskoka district. For travelling the bride chose a turquoise blue dress with tweed top coat and brown accessories. Upon their return they will reside in Mount Albert.

RAVENSHOE

A number of Ravenshoe people were among those present at the Decoration Day service at Queensville cemetery last Sunday. Rev. J. T. Rhodes was the speaker, with Rev. Hugh Shannon and Rev. Gordon Lapp taking the other parts of the service.

Ravenshoe United church service was held at noon with Sunday-school preceding. There was a fair attendance despite the awkward hour and most went on to the decoration service.

Mrs. Ivan Kenney, Toronto, was a weekend guest of her sister, Mrs. Harold Bray.

The summer communion service at Ravenshoe church will be held next Sunday at the usual hour of 2.15. Sunday-school will follow at 3.15.

With Mrs. Lorne Holborn and Mrs. Ralph Holborn as hostesses, there was a good turnout for the June supper.

Sgt. W. F. Johnson, son of Mrs. A. Johnson, Huron St., Newmarket, is expected home from overseas shortly.

Remember

"MASTERS OF MASS PRODUCTION" by Christy Borth (McClintock and Stewart) is a book which is more than the personal stories of the men who have built great industries. It is a book which reveals the debt owed by people of our time to the American genius for mass production and how this genius came to the rescue of the world when it had been all but conquered by a madman. A book about the men whose business it has been to make things and to make them for the masses, by the masses, more efficiently than they have been made before.

PRIDES WAY by Robert Malloy \$3.00, is the entertaining and adroitly satirical story of family pride in the Old South as depicted in the ways of two hilarious old ladies who were sisters but who hadn't spoken to each other in six years — for that was PRIDES WAY. Critics have acclaimed it as "one of the season's most delightful light novels." It was the Literary Guild selection for May and is a novel for everyone who reads for fun. (Macmillan.)

TAKE DU BARRY SPECIAL CLEANSING LOTION, rub it on the palm of the hand till it forms a fine smooth paste, apply, let it dry and rub off. Simple, but very effective for a new lease on beauty. This lotion is especially prepared to bring out the new, baby-soft skin which hides behind the tiny particles of dead skin which is constantly being thrown off. Splendid, also, for adolescents with "muddy" complexions, and also to rub on elbows and heels to remove callouses.

THESE DAMP EARLY SUMMER DAYS are, best time for the rheumatism bug, which likes to strike after a victim has been convinced summer has arrived and has unguardedly remained in a draft after working or relaxing in the sun. Sloan's Liniment immediately goes to work where the vicious pain strikes, stimulating circulation, soothing the soreness. Sloan's is on most bathroom cabinet shelves, because it's been tried and found the quicker-working, more efficient liniment.
